OBJECTIVE

Passionate IT graduate with strong skills in SQL and Python, eager to contribute to innovative projects as a full-time software developer. Excited to collaborate with teams and mentors to deliver impactful solutions while continuously honing my technical skills. Committed to applying creative problem-solving and technical expertise to build high-quality, scalable IT solutions in a dynamic environment.

EDUCATION

Bachelor of Technology (ECE)

Vishnu Institute of Technology

Jul 2022 - Mar 2025

CGPA: 8.6

Diploma (ECE)

Smt. B. Seetha Polytechnic

Jun 2019 - May 2022

CGPA: 9.8

Secondary School Certificate

Ravindra Bharathi EM School

Jun 2018 - May 2019

CGPA: 9.8

SKILLS

Programming Languages

SQL, Python, HTML, CSS, Javascript

Soft Skills

Leadership, Critical Thinking, Time Management

Certifications

Python, SQL(IBM)

Tools

Git, Visual Studio, Jupyter Notebook

EXPERIENCE

Fullstack Web Development Internship

Codinza Platform

Gained hands-on experience in full-stack web development, implementing efficient coding practices and creating robust, scalable applications. Contributed to multiple project phases, including front-end development, back-end integrations, and deployment strategies.

PROJECTS

WeatherPulse -JavaScript — HTML — CSS

Developed a full-stack weather forecasting application with real-time data fetching using APIs. Integrated version control with GitHub. (GitHub: [Manikanta416](https://github.com/Manikanta416))

Real-Time Clock Application - React.js

Created a dynamic real-time clock with seamless updates every second using React. Utilized React hooks like `useState` and `useEffect` to manage the application state.

To-Do List - Python

Built a task manager app enabling users to create, update, delete, and sort tasks. Incorporated error handling and persistent data storage using JSON for a user-friendly experience.

ACHIEVEMENTS

- Organized and scheduled events for the Valiant event at my college, ensuring smooth execution and time management.
- Organized an 8-Day Workshop on Interpersonal Skills.
- Earned Python Certification from HackerRank.
